

The Monthly Newsletter of the Eugene RC Aeronauts Flying Club

RC AEROGRAM

Editor – AL Barrington Volume 20 Issue 9 September 2024

Deadline for next edition: October 11, 2024, before the Oct 19th meeting

Next Club Meeting – Saturday, September 21, 2024,
1pm, At the Flying Field

From Our President

Hey All,
We've had a good summer season, and September and October are "Flying by" with some of my favorite flying weather!
We had a great time at our Labor Day Fun-fly, with a good turnout, and we were busy selling recently donated planes and equipment. We still have some stuff looking for a home!

Robert Salle was a member of this club for many years but has not been active for the last few. He recently passed away, and his Son contacted me, wishing to donate most of his "flock" of planes. Our condolences go out to his family for their loss, along with our thanks for thinking of our club.

We recently entertained, discussed our hobby, and broke bread with the local Experimental Aircraft Association (EAA) at our flying field! After dinner (served by our own Dave Thomas) I was able to humble a handful of "full scale" pilots with one of our club trainers and a buddy box!

I'm joking, sort of!

Thanks to Oliver Willis, Sean Wilson, and Ken Milbrett for the flight displays, and Jim Corbett, and Dave Thomas for their efforts!

On September 21st, we will be meeting at the field for flying fun, lunch, and a short, sweet meeting, so be there or be a drone!

Rog

	Donation from EAA	\$143.00
	Total Income	\$3534.88
Balance:	September 13th, 2024	\$9171.17

Hello fellow aviators,

Here are the notes from the finance and admin side of the club this month:

- We added three new members (Dan Sinclair, Larry Von Moos and Hudson Willis) and unfortunately, we lost one member Robert "Bob" Salle.
- MonsterFest wasn't the "money maker" that it has been in previous years, but thankfully we've been fortunate to have some good items donated to the club and these have raised significant funds for us.
- If you want to see a breakdown of the income and expenses from MonsterFest, please check out the meeting minutes from the August meeting on the club website.
- Two members still owe money for IOUs for items bought from the club. Please don't make me chase you!
- Roger set up a new trainer plane for the club and it has already seen significant use!
- Martin has ordered some new safety signs for the club field ("Pilots only beyond fence") as we used to have them, and this is a requirement for AMA Leader Club status.

Thanks, Martin

Safety Sam says . . .

Make sure we are driving the 10mph speed limit on the gravel to keep the dust down and slow the formation of potholes. Thank you. Sam Hiatt, Safety Officer
